

SEMESTER IV
MATS UNIVERSITY, RAIPUR
SCHOOL OF ENGINEERING & I.T.

Semester	:	4 th M. Tech Course
Branch	:	Turbo-Machinery
Subject	:	Project Work Phase – II
Code	:	ME 411

The objective of the project work is to enable the students to work individually on a project involving theoretical and experimental studies related to the branch of study. Every project work shall have a guide who is the member of the faculty of the institution. Students can opt for the co-guide from industries/ other colleges to get the necessary supervision. Six periods per week shall be allotted in the time table and this time shall be utilized by the students to receive the directions from the guide, on library reading, laboratory work, computer analysis or field work as assigned by the guide and also to present in periodical seminars on the progress made in the project.

Each student shall finally produce a comprehensive report in the form of Thesis covering background information, literature survey, problem statement, project work details and conclusion. This final report shall be typewritten form as specified in the guidelines. It is mandatory that the project selected should be research oriented and at least two papers/articles related to the project work should be published/ accepted for publication in the international journals for Thesis submission.

The continuous assessment shall be made as prescribed by the regulation.
