

International Seminar, BIOCHEM- 2015

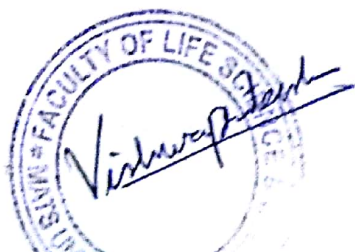

The Department of Information Technology and Life Science and Sciences of MATS University, Raipur have organized an international seminar on 28th to 30th of March, 2015 at Hotel Grand Tulip, Raipur with the theme on "Emerging trends in IT and Applied Sciences". People are unaware about the basic role of information technology and computer science in field of applied sciences, such as medical science, medical biotechnology, microbiology, agriculture engineering and much more. In this context MATS University provided platform for interaction between applied sciences, information technology and human being. Nearly 150 students from Raipur, Jabalpur, Gwalior and other cities have registered for participation.

Day one was marked by a lecture on next generation networks system by Dr. Sanjay Biswas of San Diego State University USA. Chief Guest of programme was Vice-Chancellor Bastar University, Dr. NDR Chandra, Special guest, was Vice-Chancellor Bilaspur University, Prof. G. D Sharma.

Dr. Sanjay Biswas spoke about various parameters for 5G networks, including latency, signaling cost and network coverage, where the emphasis has been taken by device centric communication and green networking. Next topic discussed by Dr. Ramjeevan Singh Thakur Associate Professor Computer Application Dept, MANIT, Bhopal, Data Mining, NLP Bioinformatics, Soft Computing. On this day next session was started by Prof. Kishor Shende Information officer, Dept. of Bio-Technology and Bio-Informatics Center, Barkatullah University, Bhopal Computational Biology and Microbial Genomics. Dr. Amit Bhagat, Assistant Professor Computer Application, Dept. MANIT, Bhopal Object Oriented Analysis and Design.

As the session move forward different speaker from different specific areas gave their lecture sequently in which following speaker were their - Prof. M. L. Lakhera, Chairman AISHE-Cell, Nodal Officer, NISAGENET, SLDSAP, Assistant Superintendent Indira Gandhi Agricultural College, Raipur. Dr. Sanjay Kumar, Reader and Dept Head SOS Computer Science, Pt. RSU, Raipur. Dr. Sapna Rai Associate Professor Mata Gujri Mahila Mahavidyalaya, Jabalpur. Dr. Shirish Verma, Professor & Head FW Electronics & Telecommunication NIT Raipur. Dr. Sanjay Sharma, Professor & Head Computer Application Dept, MANIT, BHOPAL Large Database Network Management and Security. Dr. Kamlesh Shukla, Assistant Professor

Dept. of BioTechnology, Pt RSU Bio-Technology . Dr. Ghanshyam Singh Thakur Assistant Professor Computer Application Dept, MANIT, Bhopal. Data Mining. Dr. Jayant Biswas, Director, National Cave Research & Protection Organization. Dr. P. Uday Kumar, Professor and Head CCEM, Raipur Wireless Network.

Chief Guest for the final session was Professor M M Hambarde. In this occasion, Vice Chancellor of MATS University, Raipur Dr. Byju John and Registrar Shri Gokolnanda Panda were also present. The duo extended their wishes to the students, faculties and attendees of the seminar.
