

Seminar on Hardware and Networking
MATS School of Information Technology
MATS University
Raipur
21 Sep 2018

Venue- Impact Centre, MATS University Raipur

Speakers-Mr. Sanjay Mishra, Jetking Infotrain Limited, Raipur

Topic- Hardware and Networking.

This seminar was held by the Jetking Raipur Learning Center to address hardware and Networking. Jetking Infotrain Limited, an ISO 9001:2008 certified company, is India's foremost computer hardware and networking Institute. Founded in 1947 as an electronics manufacturing and training company we have evolved into a leading IT and IMS training institute. It was specially organized for PGDCA, BCA and MCA students of MSIT department, MATS University. The purpose of this seminar was to motivate the student to build their career in the field of Hardware and Networking. Speaker started his speech with some basic components of computer hardware and shared his valuable knowledge with the students of MSIT regarding motherboard, Floppy Drive, DVD Drives. Students learned a lot from this seminar and these types of seminars should be organized in regular interval of interval.
