

### PHP workshop

School of Information Technology, MATS University Raipur (C.G.) organized one-day workshop on “**PHP**” on 1 October 2016 for under and post graduate students. **Mr.Devendra Kumar** was invited as a guest speaker and he discussed about the need of PHP in the area of Web Development. What web development techniques are? He also covered the topics like client side and server side scripting, Web development architecture, Web server its installation, configuration and web application hosting.

The Workshop was an eye opener for all students as it gave them a different and deep exposure about web development process and was appreciated by the participants.
