EMERGING ISSUES AND CHALLENGES IN GLOBAL
BUSINESS ENVIRONMENT

Verve 2013-14

**WORK LIFE BALANCE- A KEY TOOL FOR
PREVENTION**

Integration between research and academic activities makes a University different from the others. Keeping in view of this ideology MATS School of Management Studies and Research had conducted the National Research Paper presentation under the tag VERVE-2013. The department received an overwhelming and enthusiastic response from the academicians on the topic "Work Life Balance – A Key Tool For Retention". The aim behind this topic was to identify the place of happiness between the work and leaving the workplace. Respondents showered with their opinions and suggestions in the form of Research Paper encompassing the different spheres of Management. VERVE 2013 was really an erudite success.
