

INCUBATION CENTER

MATS UNIVERSITY

MATS University strives to promote the start-up initiatives by Incubation centre supported by University management fund. The University's Incubation centre has attracted business ideas and the university always promoting the ventures to boost entrepreneurship and encourage start ups. We organize various workshops and expert lectures from industry to share their practical experience and knowledge with the students & faculty.

The University has always encouraged students to come at with new innovative ideas and promotes them.

- IT- Microsoft Innovation Centre, apps were developed by students and are appreciated.
- The University provides its infrastructure to initiate business incubation.
- Mining Department of the University is also known for innovative ideas and it provides platform for the students to showcase their talent. Students of the Department have launched a website "miningfunda.com" in 2016. It contains all the information of Mining Engineering. This website is managed and updated regularly through the Incubation Centre of the University.
- MATS Law School extends practical skills to the students through Incubation Centre. The School has a magnificent Moot Court hall for conducting intra and inter Moot Court activities. The School shares a well equipped Legal Aid hall where the students undergo training by handling practical case studies from the society and take up the cases in innovative ways.
