Press Release

Business Idea must start from Heart said Pawan Agrawal founder of Dabbawaala network

Dr Pawan Agrawal, founder dabbawala recently visited city of Raipur during the event " IT Uddhyamita II 2018 ". The event was organized by the MSIT Department, MATS University Raipur on 28th April, 2018 at Deendayal Upadhyaya Auditorium. The purpose of this event was to inspire the future generations to set up new enterprises in the IT sector. Mor Raipur, Smart City and industry sector showed their special interest in this event.

Honorary Guests of " IT Uddhyamita II 2018 ", Mr. Vivek Acharya, Director Technical Education, Special Guest Prof. P. K. Sinha Vice Chancellor and Director, IIIT New Raipur, University Vice Chancellor Prof. Byju John, Director General, Mr. Priyesh Pagariya, Registrar Mr. Gokulanand Panda, Dr. Deepika Dhandh, Director Training and Placement, Rita Dewanjee, H.O.D. were present.

The program started with Saraswati Vandana. The program was inaugurated with the speech of HOD, MSIT. In her remarks, she said that the University of MATS has always been motivating entrepreneurs, the initiatives taken by the department in this direction will serve as guidance for future generations.

Prof. Byju John, Vice Chancellor of MATS University, said in his speech that decreasing employment opportunities are a matter of great concern. At the same time, there is a possibility of new types of jobs being created in the society which were not previously visible. Our next generations can identify new opportunities for new enterprises by identifying these employment opportunities. He also said that an entrepreneur also produces employment opportunities for others. MATS University is standing side by side for establishing new enterprises. At the same time, Entrepreneurship Cell is also established at MATS University where information about setting up an enterprise can be obtained.

Prof. PK Sinha, Vice Chancellor and Director, IIIT New Raipur said that this work started by MATS University is very commendable. Such programs communicate new energy to the students / students intending to set up the enterprise and simultaneously perform a controlled path. The prestigious speakers of the industry were invited on this forum.
