

MATS UNIVERSITY

Press Release

STUDENTS OF MATS UNIVERSITY BAGS A PACKAGE OF 10LPA

Two students currently in their final year pursuing MBA from MATS School of Management Studies and Research have bagged a package each of 10 LPA. Ashish Vishwakarma and Suryakant Patil, both are residents of Bhilai and are pursuing their MBA in Finance+Marketing. Both the students have been hired by a startup 'Toppr' as 'Academic Consultant' where they will be working in the field of Sales & Marketing.

Aparajita Jaiswal, who has recently joined MATS University as their Head-Corporate Communication & Placement says that this is just the beginning of the placement season at MATS. The University's Placement Cell aims to provide ample opportunities to all the final year students interested in seeking campus placement. The PC aims to achieve a record of 100% placement this year. And to achieve this, special interaction sessions and workshops are being conducted for students of all departments. The intent of these workshops and session is to boost the confidence of the students, brush-up their interpersonal skills and make them ready for the dynamic corporate life. She says that the PC is constantly interacting with the students personally, learning about their areas of interest, knowing their strength and accordingly providing them the right job opportunity.

Ashish Vishwakarma and Suryakant Patil, with their offer letter in hand were overwhelmed with joy. They have sincerely extended their thanks to HOD, Dr. Srinivas Rao, faculties of their Department and the placement cell of MATS University for providing them with this opportunity and guiding them throughout the process. They say that receiving a package of 10LPA is very common for students studying in Delhi, Mumbai, and Bangalore etc. But this is an achievement for them to have earned this package in Raipur itself.

Shri Gajraj Pagariya(Chancellor), Mr. Priyesh Pagariya(Director General), Prof. Col. Byju John(VC) and Mr. Gokulanada Panda(Registrar) have congratulated the students and wished them luck for all their future endeavors. This is just another feature in the cap after getting B++ accreditation by NAAC, says the Vice-Chancellor.
