- 2) Department : MSFDT
- 3) Course : BSc FD & ID
- 4) Semester : I, III, V
- 5) Students Present : 54

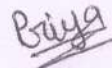

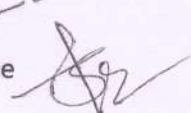

- Activity Name: Awareness Program Activity
- Brief Detail-

A campaign was started by the government of India on 2nd october 2019 the 150th anniversary of great leader Mahatma Gandhi to rid India of single use plastic by 2022. Single use plastic which is often referred to as disposable plastic which are used only once before they are thrown away. Thus the students of MATS school of fashion designing & technology also took initiative to support the national campaign by boycotting use of plastic bags and for that they made handbags made of jute material as an alternative of plastic bags. They also did a fashion show in which they promoted use of handmade jute bags in place of plastic bags in order to generate awareness among other peoples.

Remarks :-

This activity was organised with an aim of promoting the use of alternative materials in place of plastic.

Activity Conducted By: -

- 1) Faculty Name: priya jais
