- Activity Name: Best out of waste
- Brief Detail-

MATS School Of fashion designing & Technology had organised a ' best out of waste ' activity order to generate awareness towards the trash we throw rather than re-cycling or re-using. Now a days excess thrown or collective waste items has become the biggest reason for environmental degradation and thus students of MATS School of Fashion Designing & Technology had taken a step toward environmental protection by making and promoting use of recycled or reuse of waste products instead of buying new one to be end as trash one day.

Remarks :-

This activity was organised with an aim of promoting the use of recycle materials or waste .
