

SCHOOL OF INFORMATION TECHNOLOGY MATS UNIVERSITY, RAIPUR (C.G.)

Gyan Sabha, 2014

As the title reflects this program is a noble initiation wherein all private and government school students of the state perusing higher secondary program are given a chance to prove their skill through the exam conducted by MATS University under the supervision of School of Information Technology Pandri Raipur (C.G.) and to avail scholarship in higher studies based up on the merit list cutoff on the above saying exam.

This initiation makes a milestone as it helps many students from various rural parts if the state to avail higher studies by providing them the financial support and help as financial disability doesn't allow them to open their wings for exploring the sky.

Ms. Rita Dewanjee
