- > Nationwide reputation.
- > International reach.
- > Outstanding career success of graduates.
- $> \ Successful \, entrepreneur ship \, creation.$
- > Campus spread across 70 acres.
- > Courses are approved from respective regulatory bodies.

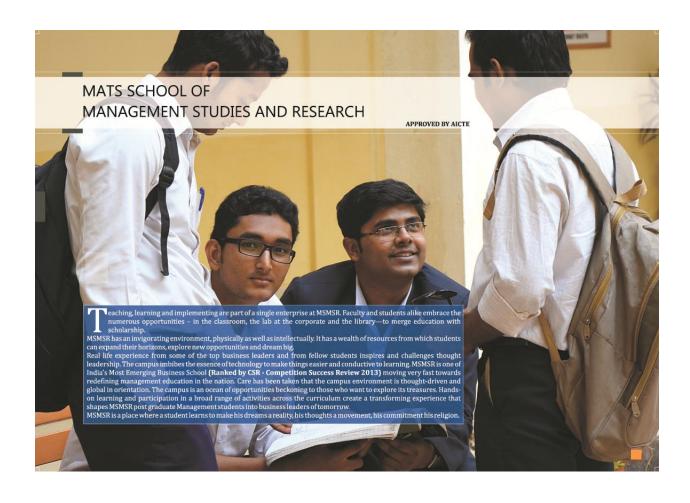

MATS School of Engineering and Technology

The 21st Century is an era of great global challenges including climate change, booming populations, increased levels of consumption and demand for resources, to name but a few. These challenges create tremendous opportunities for new generations of engineers, who will be called upon to take leading roles in developing and driving their solutions.

The goal of the MATS School of Engineering and Information Technology is not only to provide you with a top notch education, but to provide you an atmosphere where people work in harmony to help each other and build upon everyone's strength. We strive to provide you with a skill set that is valuable in the work place. This is done through interaction in learning between you and the professors. The interaction only begins there since you will also be encouraged to engage with fellow students and our amazing staff.

The MATS School of Engineering and Information Technology provides students with a strong foundation for their engineering careers and offers engineering students a wide range of quality resources. All of the programs will give you a broad range of skills to help you design, create and solve the most challenging problems. Our curriculum ensure that the students of Engineering are highly sought after by employers.

Corporate Linkages

CORPORATE INTERNSHIP

In order to provide an opportunity to blend real life experience in an organization with the theories learnt in the class room the curriculum at MATS School of Management Studies and Research exposes the students to various corporate entities in the following time frames.

 $\begin{tabular}{ll} \bf SEMESTER 1-Organisation Study\\ Organisation Study: This program is a complete functional analysis of an organization conducted by the students over a period of 15 days.\\ \end{tabular}$

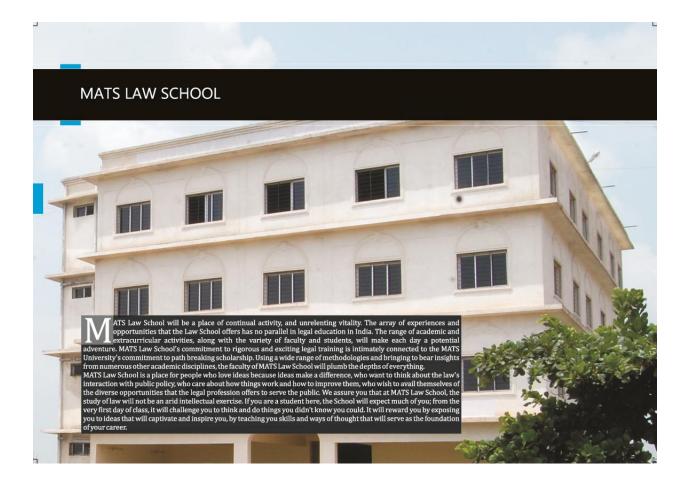

SEMESTER II - Summer Internship
This dissertation lasting for a period of 8 weeks provides an opportunity to the companies to gauge the students understanding of the theories and their capability to implement it in real life situations.

Beyond Academics

a celebration of culture

MATSOTSAV is a cultural extravaganza presented by the students. It is a celebration of our deep rooted culture & expression of joy that essentially keeps flowing beneath, within the campus throughout the year. Dance, drama, song and other varieties of the stage performances spice up the prize distribution, academic honours & annual report presentation. Awards are given by the honorable Chief Guest who always happens to be a distinguished personality from the field of Academics, Arts, Sports or Social Service. The students manifest their talent in various art forms pertaining to stage & win accolades from the august gathering that keeps itself glued to the seats till the very end with clapping hands & swaying heads.

MATSOTSAV-2013 is graced by some eminent personality like Shri. Chandra Shekhar Sahu, Minister of Agriculture, Govt. of C.G. as Chief Guest & Prof. S.N. Agrawal, Chairman, C.G.P.U.R.C., as Guest of Honour and Shri Gajraj Pagariya Promoter of MATS University with Vice-Chancellor, Registrar. They had given a lot of encouragement to the students and through their powerful speech enthralled the entire
